SELECTMEN'S REPORT

Yes, Deering is growing and this rural and scenic area is attracting more year-round residents than ever before. But along with this population increase are more students to be educated, more roads to be maintained, more situations to be policed and more possible fires to be contained. Therefore we must strive to assure an orderly development of the Town.

The Selectmen commend the Planning Board, that dedicated group of citizens who serve the Town with no recompense for publishing the Town Plan so that Deering may preserve that atmosphere which so many inhabitants now enjoy.

The financial statement for the year 1982 reveals a modest surplus with respect to Town expenditures. However this surplus was more than offset by a substantial increase in the Town's share of expenses for School and County operations. The 1982 tax rate increased by $2.70 per thousand of property evaluation. Of this $1.90 went for School, $.30 went for County and only $.10 went for Town functions. Therefore it behooves everyone to be cognizant of what is going on in the Hillsboro-Deering Cooperative School.

Under Article 7 in the Warrant we have endeavored to combine all articles which pertain to the current expenses and operating costs of the Town. These are listed in numerical order so that each item may be discussed and voted upon before proceeding to the next one on the agenda.

We have tried to present a realistic Highway Department Budget for 1983. It is taking an ever increasing amount of money to maintain the Town roads on an expanding network. You will note that Road Maintenance is substantially higher than last year. This is due to the fact that in 1982 there were State funds to use that had been carried over from 1981.

And lastly, the Selectmen have budgeted for items that we deem essential. Other articles requiring funding are at your discretion and will increase the total appropriation that must be raised by taxation.

LIBRARY

The Deering Town Library was opened in 1982 during the months of July and August from 11:30 a.m. to 3:30 p.m. on Wednesdays. During the months of September and October the hours were from 1:30 p.m. to 3:30 p.m. There were 85 books circulated. For winter reading, a table has been set up in the Town Hall with paperback books, and various notices that the Library receives from different organizations throughout our state.

On Town Meeting Day, we are asking residents to take part in a survey so that the Trustees may better plan for the future of the Library. We would appreciate your opinions and support on this survey project.

CONSERVATION COMMISSION REPORT

Continued work on an inventory of Deering wetlands was an important project of the Conservation Commission this year. A mylar map showing all wetlands has been completed and information will be presented to residents at a public meeting. The study of Deering's larger wetlands is being done to determine which might be classified as prime wetlands under the criteria adopted by the N.H. Wetlands Board.

Members of the Commission attended a number of meetings during the year: Piscataquog Watershed Association forum in Francestown; "Clean Water for N.H.: The Legal Framework" in Peterborough; a prime wetlands hearing in Weare; and the annual meeting of the New Hampshire Association of Conservation Commissions in New London. The information gathered at these meetings is of significant value in helping the Commission carry out its responsibilities to the Town of Deering

From June 20 through June 25 Caroline Bacon attended the Youth Conservation Camp at Interlocken in Hillsboro. For a number of years the Commission has sponsored a student to the camp which is run by the Society for the Protection of New Hampshire Forests. Interested persons should contact any Commission member for information before May.

Local Cub Scouts cleaned up the public area at the Reservoir and the beach at Manahan Park in Hillsboro. Refreshments were provided by the Conservation Commissions in both towns. One Den of boys also participated in the Arbor Day ceremony when two shade trees were planted on the green in front of Town Hall. This event was co-sponsored by the Deering Historical Society and the Conservation Commission.

DEPARTMENT OF FIRE AND RESCUE

1982 has been a year of continued growth. Some of the accomplishments have been the organization of a Rescue Squad. Several Fire Fighters have taken the required training to become Emergency Medical Technicians. We now work with the Towns of Antrim, Hillsboro and Weare on rescue calls.

We do not have an ambulance and must rely on our neighboring towns to provide this service; however, we can now help with manpower.

Deering has entered into a Fire Mutual Aid agreement with the Towns of Antrim, Bennington, Hillsboro and Weare. The agreement is to assist each other with our larger fires, at no charge to each other.

Our program to update our equipment is working out well. Looking long and hard, with the efforts of Chief Rhodenizer of the Weare Fire Department, we found a 1964 Fire Truck from Bow, that was being replaced. As a result of long negotiations we were able to purchase the Fire Truck within our budget.

We were proud to announce that in June of this year, the Town of Deering has received a more favorable Fire Insurance rate. This was due to the upgrading of the Fire Department. This has and will continue to save the property owners money on their Fire Insurance.

Co. 1 stationed at the Old County Road along with its normal Fire Fighting duties, are our ladder specialists. Additional ladders were purchased, including a 45' Bangor. We are now able to ladder any building in Town.

Co. 2. McAlister Station.

The new pumper purchased from Bow is housed at McAlister Station. This station will specialize in Heavy Rescue.

Co. 3. Temporarily stationed at the old Town Shed.

We are asking the Town for a newer pumper this year. The pumper stationed here is a 1959 Ford Forest Fire Truck that the Town has received full value from and it has now earned its retirement. This station will specialize in Forest Fire Fighting.

The Deering Fire and Rescue Department's goal is to build an exceptionally effective, small town Fire and Rescue Department that the Town can be proud of, participate in and depend upon. We are well on our way to accomplishing this goal in the most cost effective manner possible.

We thank you for your continued support.

Respectfully,

JEREMIAH A. DONOVAN JR.
Deering Fire and Rescue

PLANNING BOARD REPORT

1982 was an eventful year for the Deering Planning Board. Four (4) applications for subdivisions were presented and went to final approval. One subdivision was applied for in 1981 and received final approval in 1982. Nine (9) new lots were created that were suitable for residential building. Three (3) lots were approved with building restrictions.

Revised Subdivision Regulations were adopted due to the State Legislature passing new laws detailing how Planning Boards must handle subdivisions after September 1981. Our board had to rewrite some of our regulations and draft new forms and notification procedures to comply with the new law.

The Town Plan was one of the Planning Board's major tasks. It was completed and went to final printing in December, 1982. Public Hearings were held in January 1983. The Plan will help the Planning Board to be consistent when it reviews the merits of a subdivision and it will help potential subdividers to better understand the limitations of the Town's resources. Revising and up-dating the Town Plan is to be done within six months, and thereafter on a yearly basis. Suggestions and recommendations are welcomed from all Deering residents and taxpayers.

The Planning Board meets on the second Wednesday of each month at 7:30 p.m. in the Deering Town Hall. Visitors are always welcome, in fact, we need the opinions of our fellow residents so that we will truly reflect the desires of the townspeople.

DARYL McQUIRK, Chairman
Deering Planning Board

N.H. REGIONAL PLANNING COMMISSION

The CNHRPC has been in existence since 1970 and during this period has continued its involvement in studies of both a regional as well as a local nature. The Commission is solely an advisory body to its member communities, and as such is often invited to provide technical assistance and advice on local projects.

For 1983, the Commission and its member communities face additional new challenges. The changing policies and priorities of both the state and federal governments continue to place additional responsibilities on local governments, such as the new state solid waste law which mandates regional cooperation. The CNHRPC, being active in many of these areas and being close to the local level of government, is aware of these strains being placed on our

communities. In addition to the traditional planning, zoning and ordinance assistance offered, we are continually working to develop new ways to help our member communities, and to expand our services into those areas that have the greatest need. As in the past, we urge full participation by our member communities in the affairs of the Commission, and encourage questions and comments to be directed to the Commission office in Concord.

The Commission hopes to be able to continue to serve the needs of its member municipalities in the future, and fully appreciates the past support of its activities by the Town of Deering.

HEALTH OFFICER'S REPORT

The Health Officer is happy to report that there were very few problems to be dealt with by the Board of Health. They were related to outdoor privies, septic tank locations, nad establishment of dwellings on land with no approved septic system.

Once again the Board of Health wishes to remind those subdividing land and/or planning to locate a mobile home or build a home, that approval for a septic system must be granted in advance by the New Hampshire Water Supply and Pollution Control Commission. Also, applications for these dwellings must be filed with the Selectmen.

May 1983 be healthy and prosperous for all.
